So, how late is this one?

Silent treatment eh!?

Fine. I'm just start touching this bouquet of flowers sensually with a fork.

Stop that
SLAP!

Not until, You have you start talking to me again. How late is she?

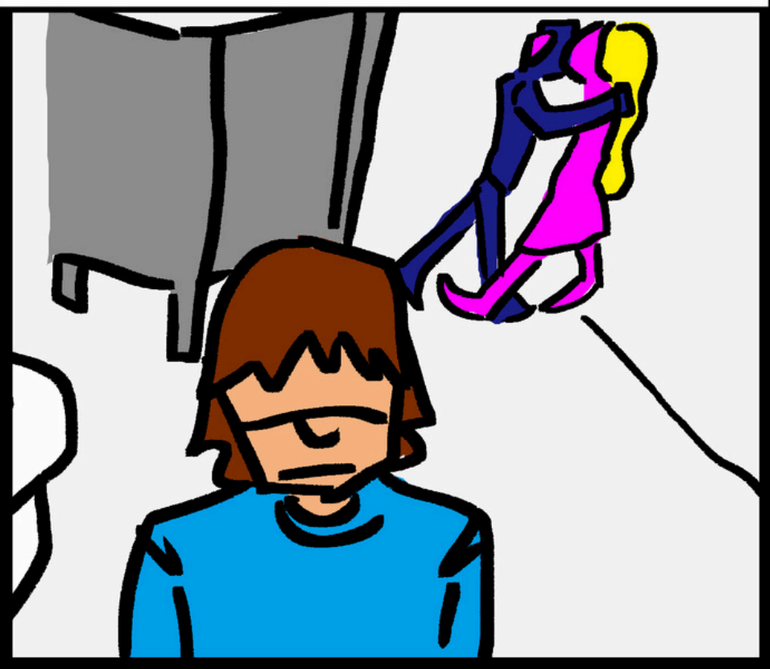
How many?

She's 100 minutes late.

Well...

at least she didn't turn out to be a lesbian like that one girl you asked out.

or the one the turned started getting on with someone else in the bathroom.



Or how about that one that seemed cool but turned out be a bigfoot beleiver and she took you out to the woods to meet her bigfoot freinds and then she just abondoned you there.

Oh hey! do you still remember that one that managed to scam 50 bucks off of you because you thought she could get you Daniel Radcliffes autograph.

She's here!

Oh fuck!

Sorry I am late, I just, uhhh, got caught up with something.

She probably just has swine flu.

It's no problem. I haven't been waiting the long anyway.

Hello. I waswondering if we could go out on a date.

I would, but I don't think it's a good idea.

Hey, I couldn't but notice you. May I have your number?

Barking up the wrong tree, Dude !

Sorry. I have a boyfreind and I would much rather be freinds.

I'm sorry... i have like a graveyard to visit this weekend... I am not really in men your height.

I would love to take you out to dinner some time. Like on a date.

Hey, maybe this isn't the right time, but could we try going out on a date.

I'm sorry, but I am not into you that way.

I prefer women.

I know your as old as 30 but... your ass still looks great.

SLAP!

Man, that Stacy last night sure had a southpaw.

What was the line you used to seduce her talons to collide with your face, Baby Cheeks?

Pinch!

Please stop...

I know your as old as 30 but... your The ass still looks great.

SMACK!

I could listen to this on repeat.

I know, I screwed up.

I mean, this is what? The fourth, fifth?

Eleventh.

Hmm. I guess we aren't counting Angie from the first grade.

Just face facts Kevin. You. are. stuck with me.

I am getting rid of you eventually. I am just going to be patient. Eventually a girl will like me. Like me enough to have sex.

Oh really? How long are you planning on waiting? You're 23 going on 24. You want to wait til you're 60?

Why don't you put out your Jell-O cup!?

SMACK

Face it! You're stuck with me. You are going to have your virginity with you for the rest of your life!

Tonight! I am getting rid of you Tonight!

Really, you mean with Megan?

Yeah... with Megan.

She looks like the cover of a Ripley's Believe It Or Not book?

She is coming over tonight so we can work on a school project.

Doesn't she have glasses that make her look like Where's Waldo?

Yeah, exactly! She is probably dying to have sex too!

I suppose you would need a girl who can't see straight

Shut Up!

You're a scumbag.

Maybe... but if it works, You'll be evicted. And I can't wait to rub it in your face!

And how is it going to work?

... I'll seduce her.

Oh really, what method of seduction Are we going to use this time?

I'll impress her...

Somehow!

You're stupid. If you want to get laid, you should do the Back To The Future method and just get hit by a car and then your nurse will fall in love with you.

OH! I bet you wish I would get by car. Get paralyzed from the waist down. Then I'd really get stuck with you.

I dunno... Nurses are pretty easy to seduce.

I am not falling for your tricks. Tonight, Megan is coming over. And I will seduce her with my personality and emanating masculinity

ZIP!

This is gonna be fun.

Hello, Megan!

Hello, Kevin. I brought a history book to help us out with this.

Yeah sure, have a seat.

Do you have any ideas for what our presentation should be about?

Tell her you like her tits!

Not really, what have you read?

Tell her that your really into girls with eyes that don't look the same direction.

Well in the 19th century, thousands of Native Americans were expelled from their heretical lands and Oklahoma was one of the states that they could go and be, moderately, safe.

Tell her you wanna stick to it. In De End. Like an Indian. But her butt. So In De End.

Be quiet...

I'm sorry?

Nothing!

I am thinking we could make a poster and split it up into different Native American tribes that moved to Oklahoma.

Ding!

Ding!

Ding!

Flex Your arm and talk about trans-formers

Ya know, with your leadership, this presentation will be more than meets the eye.

What?...

It's a Transformers reference.

Oh...

I'm just trying to say I think you're taking a smart lead with this project.

I don't really like the Transformer movies.

Let's reference Terminator Salvation next, that will get her wet!

Hey, would you like it if I made some coffee for the two of us?

It's 3pm. I don't really need caffeine.

Oh but Caffeine is helps you focus on projects. It will beneficial to what. We are working on it.

Uhh... Okay. Sure. Why not?

So... What are these Indian tribes that moved to Oklahoma?

Well there's fifteen Native American tribes. There's the Kitchai, the Shawnee, the Ponca...

There a... Pec... put th... re... on the poster. A... re...

Uhh! Ohh!! Fuck Me like a cartoon Megan!

KEVIN!

Yes. Megan. I think that's a great idea. We should have it written down.

Kevin are you going to help me on this project or not!?

Yeah. Totally. I am all for it.

Kevin… I don't think you are really focuses on what's important right now.

What do you mean I'm very focused

These bandages have some petroleum jelly to help with the wounds.

Thank you. I study medicine.

Thanks you really know how to heal someone up.

Actually, this is the first time I have ever bandaged a real person.

Well, it's pretty well done.

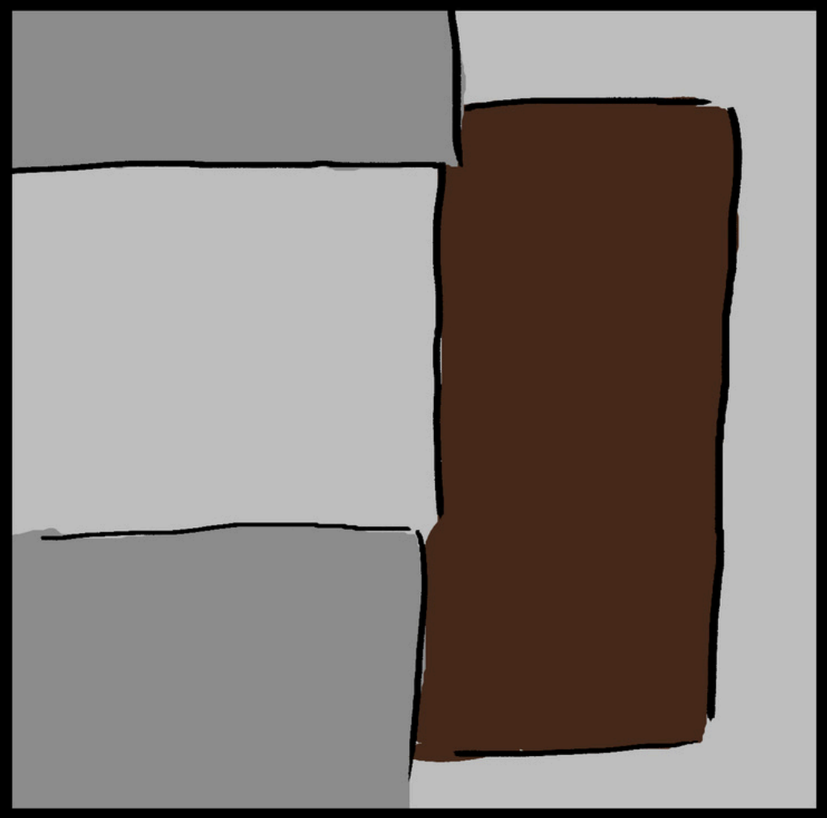
Thanks.

These burns were pretty bad. I can't believe your resilience.

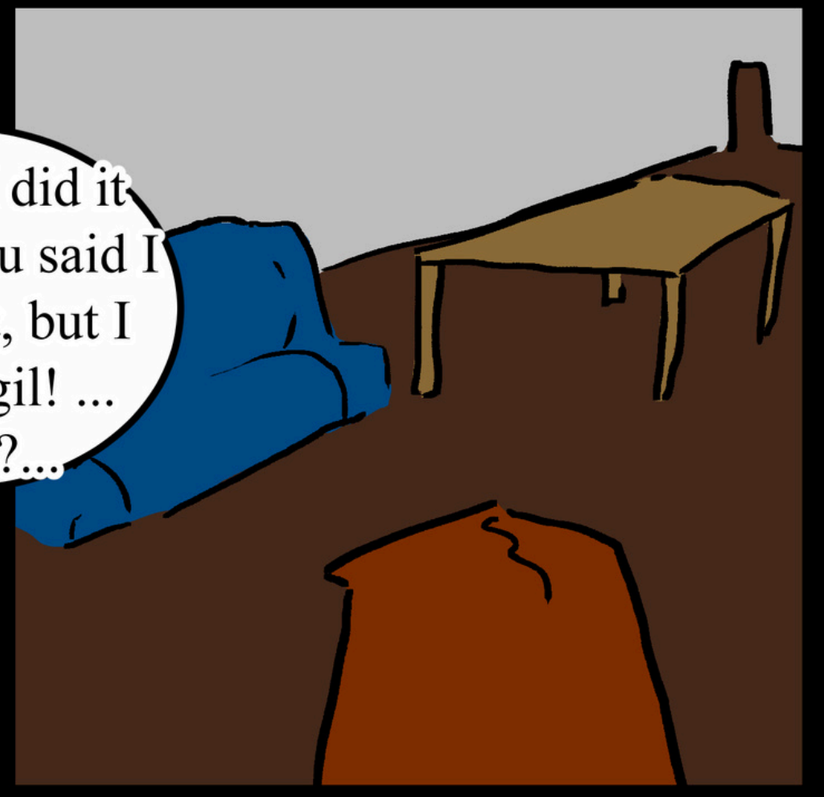
I mean, right now... with your medical skills. You're the one who is on fire.

Maybe I should just stay the night to keep an eye on you and the injury?

Yeah, Yeah sure!



I did it! I did it Virgil! You said I I couldn't, but I did! Virgil! ... Virgil?...



Kevin, who are you talking to?
No one. I thought I heard someone. But... It was no one.

Well, then come back to bed. We're going to play Proctologist.
